

SIMULATIONS ACROSS THE CURRICULUM

*February 8, 2011
9:00-10:30 am
Lucy Ellis Lounge
1st floor Foreign Languages
Building*

TIM WEDIG

AND

ALEXANDRU BALAS

Please RSVP by
Friday, February 4, 2011, to
Joellyn Pedro at
jpedro@illinois.edu

Interested in learning about the use of simulations in teaching? Please join us for this exciting new presentation where the goal is to provide instructors with the tools needed to design their own simulations.

Topics to be covered:

- Simulations-Useful tools for experiential learning
- Steps to using simulation in the classroom
- Pre-simulation preparation
- Instructor role during simulation
- Techniques for debriefing after the exercise
- Grading participation in simulations

The workshop will be organized by Professor Tim Wedig who has 12 years of experience with professional training and experimental designs at University of Maryland's ICONS project and at the U. of Illinois, and Alexandru Balas, PhD candidate (ABD) in the Dept. of Political Science, at the U. of Illinois, who has three years of experience with simulations at Sabanci University and the U. of Illinois.
